

Do you have Medicare?

Want to lower how much you pay?

You may qualify for help.

You may be able to get help with your Medicare costs if:

- You are **single** and your monthly income is under \$1,436 and total resources (assets) are below \$13,440 **or**
- You are **married** and your combined monthly income is under \$1,939 and total resources (assets) are below \$26,860

Not all income and assets are counted. Even if your income is above the limits, you might qualify!

Call **APPRISE** today for more information and to get free help applying for available programs! You can reach APPRISE at **1-800-783-7067** or by contacting your local Area Agency on Aging office.

APPRISE offices are located in every county and can assist Medicare beneficiaries of **any** age. APPRISE educates consumers on how Medicare works, and assists consumers who are enrolling into or switching their Medicare Advantage Plan, Medicare Supplement, and/or Part D Plan.

APPRISE can:

- screen you to see if you qualify for the **Low Income Subsidy** and the **Medicare Savings Programs** that lower your Medicare costs
- help you apply for these programs
- work to troubleshoot any problems in the application process.
