

2017 Medicare Part D Standard Zero Premium Prescription Drug Plans

In Pennsylvania, all dual eligibles **and** those who are approved for full Extra Help with their Part D costs will have **no premium** if they are enrolled in any of these 9 Part D stand-alone Prescription Drug Plans in 2017.

Regardless of which Part D plan they join, dual eligibles and those receiving full Extra Help will also have **no deductible** and **no donut hole**. These individuals will only have **small co-pays** for each of their Part D covered medications -- no more than \$3.30 for generic drugs and \$8.25 for brand name drugs. Please note that dual eligibles who receive Medicaid-covered long-term care services either in a nursing home or through a Waiver program have **no co-pays** for Part D covered medications.
